Dear Sir/Madam,

Greetings from TKM Institute of Technology, Kollam.

We are pleased to inform you that the paper presented by the final year students from SENSE (School of Electronics Engineering) pursuing ECE with specialization in Biomedical Engineering, Vellore Institute of Technology (VIT) at **BIOCOM'26 – National Conference on Biomedical and Computing Technologies**, held at TKM Institute of Technology, has been adjudged as the **Best Paper** of the conference.

The paper titled '*HbA1c Prediction from Retinal Fundus Images Using Multimodal Deep Future Fusion and Ridge Regression*', presented by *Kaushik R Haran, Soham Amit Khare and Nishtha Jain* was selected by the evaluation committee based on its originality, technical merit, research contribution, and presentation quality. In recognition of this achievement, the team was awarded the **Best Paper Award** along with a **cash prize of ₹5,000**.

We extend our heartfelt congratulations to the student authors and acknowledge the guidance and support provided by the faculty and the institution in fostering a strong research culture.

We request you to kindly convey our appreciation and congratulations to the students and their mentors for this commendable accomplishment.

With regards,

Dr. Gouri Mohan L
